Assume forthcoming study Communist takeover Eastern European
countries has same purpose previous study Baltic States viz.
as political and psychological war weapon directed at Communist
regimes. We trust every detail planning program will bear that
objective in mind lest through accent on publicity objective
inadvertently be jeopardized. Present plan to centralize opera-
tions Munich where public hearings would be held appears to us
to run unnecessary risk playing into hands local and special
interest groups to detriment committee's main objective.

Munich is headquarters major US propaganda instruments concerned
exclusively with objective overthrowing or as minimum creating
disaffection (#) interrogation Ripka by Jenner Committee. Hear-
ing on Czechoslovakia and Poland if hekga* which almost sure
raise issues that would provide these factions ammunition they
seek against RFE/NCFE. They will be knocking at committee's
door and trying influence it for purpose of capitalizing
publicity-wise their own organs. Existing schisms among emigre
groups will sharpen, thus hindering possibilities settling many
these conflicts which only possible by quiet patient effort
along lines pursued past few years.

In past Bonn Government has been able restrain expellee-refugee
pressures on RFE, but publicity and new pressures alleging RFE
contrary German interests could weaken Bonn's defense of RFE
and reopen question RFE's freedom from German influence and
even question operations German soil. This would inevitably
jeopardize operations other two stations, Radio Liberation and
VOA, one private other official, but both furthering US cause.

Department no (repeat no) doubt aware possibilities public hear-
ings Germany will examine effect US policy decisions on Communist
takeover Eastern Europe. For example:

State Dept. review completed

(A) Oder-Neise

-2- 194, March 22, 7 p.m., from Munich

- (A) Oder-Neise Line.
- (B) Expulsion Volksdeutsche from East European countries.
- (C) Support Benes regime 1945-1948 which collaborated with Soviet Government and whose exiles now (repeat now) supported by RFE/NCFE.
- (D) Non-support of independent Slovakian state and;
- (E) Effect of wartime strategy on fate of Eastern Europe.

RFE, which can scarcely refuse to broadcast news emanating public hearings of committee, fears such material would deflect it from primary objective, also does not (repeat not) relish use Communist radios would make of such material. Moreover, for reasons of propaganda effectiveness to Czechoslovakia and Poland, Germany is bad point of origination for committee hearings on Communist takeover those countries.

Foregoing comments not (repeat not) meant fight problem. Last time committee here it discreetly and privately interviewed many witnesses from Baltic States. There was little publicity while committee here and none with respect material provided by witnesses. Questions now (repeat now) to be investigated are far more complex and full pitfalls. As minimum we feel any hearings here should be closed if to avoid opening Pandora Box.

To sum up:

- (1) If public hearings Czechoslovakia and Poland necessary, feel they should be held London, Paris but not (repeat not) Munich or anywhere in Germany.
- (2) If public hearings must be held Germany believe portion of hearings should also be held London, Paris in order diffuse spotlight otherwise falling on Germany (Munich).
- (3) If any public hearings to be held Germany hope the selection of witnesses can be kept strictly US hands as Bonn Government (if Oberlaender has any say) might well produce witnesses to further strictly German interests. Furthermore, any participation Bonn Government selection witnesses would become known and played up Prague Warsaw radio. Committee itself will have problem screening witnesses.
- (4) Kersten group should be fully briefed re snakepit they walking into including problem selection of witnesses.

(5) In connection

-3- 194, March 22, 7 p.m., from Munich

(5) In connection briefing hope they consider sending advance team directly and quietly to Munich, postponing for time being London, Paris stopovers.
